# WELCOME TO THE 2018 EDITION OF THE EUROPEAN CYBER WEEK

COME AND MEET THE EUROPEAN EXPERTS OF CYBERSECURITY AT THE COUVENT DES JACOBINS IN RENNES - FRANCE, TO DISCUSS ABOUT "ARTIFICIAL INTELLIGENCE AND CYBERSECURITY"

As a territory at the cutting edge of cyberdefense and cybersecurity, Brittany welcomes the 3<sup>rd</sup> edition of the European Cyber Week, from November 19<sup>th</sup> to 22<sup>th</sup> 2018. An European event, organised in Rennes by the "Pôle d'excellence cyber" and its partners.

Program includes technical conferences, business meetings and high-level events, addressing civilian and military stakes, around the thematic of "artificial intelligence and cybersecurity", and its applications in the area of health, media and defense...

## A WEEK TO BRING TOGETHER THE EXPERTS OF CYBERSECURITY

Organised by the "Pôle d'excellence cyber" and its partners with the support of the French Ministry of the Armed Forces and the Brittany Region, this event will welcome a large audience of cybersecurity experts: business executives, researchers, institutional bodies, investors and students.

## MULTIDIMENSIONAL AND EUROPEAN DYNAMICS

More than 10 events organised around 3 majors topics:

- > **Public and private research, civilian and military**, on artificial intelligence and cybersecurity,
- > **The European and institutional perspective**, along with business meetings,
- > **The Human Resources aspect** (training, recruitment and student challenge).

## HIGHLIGHTS FOR THIS 2018 EDITION

- > A hot topic, at the heart of cross-cutting issues of **artificial intelligence and cybersecurity**,
- > **A dedicated space for business meetings**, allowing small and medium size enterprise, international groups, but also start-ups to meet and present their knowledge,
- > **Networkings time**, to discuss the important projects contributing to the cyber European construction,
- > A unique and prestigious event center, at the center of Rennes (le Couvent des Jacobins) and **at the heart of an industrial, academic and institutional "cyber ecosystem"**.
